GOODWILL MESSAGE

It is extremely heartening to know that CONCOR is completing 25 years of operation and will be celebrating its Silver Jubilee Anniversary this year. CONCOR was set up in 1988, as a separate pro-active organization for promoting, tackling and managing the growth of containerization in India and to take care of the need of EXIM trade for high quality, cost effective logistics service. With continuous and proactive measures, policies and operational efficiency, CONCOR has managed to be the most important logistic provider in Indian Maritime trade. Despite frequent fluctuations and imbalances in container traffic, CONCOR endeavoured to maintain movement of containers to the extent best possible, in the scheduled routes to the best interest of the EXIM Trade

Besides completing 25 years of great service, now it is time for celebrating silver jubilee with a great feeling of achievement for all in CONCOR who played pivotal role to bring this outstanding and unique organization to where it is today. I am also happy to note that EXIM India Newsletter is publishing this special issue on CONCOR on this occasion. On behalf of MANSA, we wish the Management, staff and stake holders, in this moment of spell binding excellence and drive, besides assuring the support from all our Members.

K. P. Unnikrishnan
President
4th March 2013
