GOODWILL MESSAGE

It is very heartening to note that “SAGAR SANDESH” is planning to publish a special issue on the occasion of its First Anniversary. I am sure Sagar Sandesh will continue to be very active in the country's economic and maritime growth and represent the issues of the Industry and the Trade in the much needed arena of modern improvements by bringing them to the notice of the Authorities for finding lasting Solutions for long times to come.

The media have a greater role to play in Maritime sector and can be a crucial link between the Users and policy makers. We are confident that Sagar Sandesh will fill the existing void to voice the issues related to EXIM trade with solid support.

At this moment of happiness, on behalf of MANSA I congratulate Sagar Sandesh for all their achievements and wish the very best to continue their relentless and effective service to contribute more to the Trade in the long run.

K. P. Unnikrishnan

President

31st January 2013
